Subject: Application for correction of thesis submission extension.

Dear Respected Deputy Dean,

My name is Atiqur Rahman, Metric Id – MMJ143061. I have appeared on my oral exam (Viva) for my masters of thesis by research program on 24<sup>th</sup> of April, 2019. After my Viva I have got a correction of three months which should be submitted by 24<sup>th</sup> of July, 2019. Due to my mother illness for several times, I couldn't complete all the formalities within given time. I have been working as a faculty member in a reputed University in Chittagong, Bangladesh. And due to my mother's illness and also I had some physical problems I have missed several classes which I need to take make up. For these reasons, I could not submit my thesis with corrections and with proof read by 24<sup>th</sup> of July, 2019. I have prepared all the documents necessary to submit my correction except the proof reading report.

Therefore, I hope that you will consider my case and permit me to submit my thesis with all required documents with one week extended time. I have enclosed necessary medical report with my application

Sincerely Yours

Atiqur Rahman
