Academic Deputy Dean, Assoc. Prof. Dr. Rohaida Basiruddin

Dear Prof. Rohaida,

I am writing to request an extension of resubmission for my doctoral thesis. The current due date is 26<sup>th</sup> of Dec 2020.

The main reason for the extension concerns COVID-19 situation since March 2020, Malaysia borders are closed, and I was not able to travel to Malaysia and accordingly, I could not do data collection myself in person. For a few months, I was waiting in the hope that the borders will be opened, and I could travel to Malaysia.

Hence, I changed my data collection technique and started to collect data via questionnaire online. However, as you may now, due to MCO and CMCO, most SMEs were not working for a couple of months and now they are working online and took time to convince them to fill out the questionnaire since they were so busy after they needed to do all of their basic daily work online.

The above reason caused a delay in my progress and I was not able to continue my process as per schedule 26<sup>th</sup> of Dec, 2020.

The other reasons for the extension concern the COVID-19 outbreak that still has been closed all libraries, universities, and studying areas in the U.S. Additionally, this has led to a lack of high-speed Internet access and, more importantly, inaccessibility to scientific resources, including articles and books.

Moreover, in spring I lost my job due to quarantine and school closures that caused financial issues for me and now I have to work more to compensate for the financial losses. Currently, due to these personal issues and problems I need time to manage my life. Not to mention that I am homeschooling my twelve-year-old son now that the schools are closed, and it takes so much time.

I have been working on my doctoral degree for several years under the supervision of Dr. Batiah and I have been making considerable improvements to my thesis since my defense last year, but I still really need an extension in order to be able to finish my thesis. May you know I, as a single mother and immigrant, have encountered a lot of hardships during the course of my doctoral career and never gave up, but I am determined to finish my doctoral degree and receive my degree.

Towards this end, I am kindly requesting an extension.

I look forward to hearing from you soon,

Best regards,

Sara Foghani
